Vintage and Out of Box Rules

Vintage Categories: Entries are limited to any kit molded by a commercial manufacturer on or before December 31, 1980. Kits which have been re-boxed and or reissued after 1980 but were produced using the same molds used in the original issue are also eligible. Modelers should be prepared to document the age of their kits. Any aftermarket parts, including photo etch, resin, or 3D printed parts are allowed for vintage entries per the general rules.

Out Of Box category: The out of box categories for this Class allow any parts that come in the basic kit. (Not the bonus kits with resin parts, 3D printed parts, PE ports, or turned aluminum gun barrels)

1. The Military Vehicles Class is not limited to plastic only molded kits But, the only parts allowed must come with the kit. **Kit instructions must be included with the entry.**

2. Although no additional parts may be added other than what comes with the kit, finishing techniques to texture the surface of a tank with products such as Mr. Surfacer or a TET/putty mix are allowed.

3.Any decal set may be used; Aftermarket decals are allowed. However, their use for OOB entries is restricted to 2-dimensional waterslide or dry-transfer products.
